“

My two daughters have been at force elite academy for 3 years and in that time they have grown in both their skill level and in themselves.

The gym provides an environment that fosters growth and passion.

The coaches are always helping the athletes to achieve their goals for themselves as well as providing opportunities to the athletes to extend beyond their own goals!

FEA has provided my girls a **safe, supportive and encouraging environment** that my girls adore and are thriving in!

“

Being a part of the Force Elite Academy group has been an absolute joy. From the moment we joined, we were welcomed with open arms and genuine smiles.

The **inclusivity and friendliness within the group are unmatched, creating a positive and supportive environment.**

It's more than just a team; it's a family where everyone's unique talents are celebrated, and every member is valued. We couldn't be happier to be a part of such a fantastic, welcoming community. Thank you for making us feel right at home, and having my children's safety and well-being at the top of your priorities

All Star Cheer is all-inclusive for all ages, body types, skill levels and experience levels. Everyone is welcome in All Star Cheer; everyone is valuable in this sport and has a role to play in their team. Routines comprise of elements of stunting, gymnastics (tumbling), pyramids, and dance choreography.

At FEA we have an All Star option for any age, any experience level. We have 3 different programs you can join depending on your budget and commitment level.

★ Bronze Cheer Program

If you are new to cheerleading this is our entry level program opening doors to All Star Cheerleading for more families! The Bronze Program is an approachable, affordable and manageable entry into Cheerleading for kids ages 3 through to 14 years of age.

Our Bronze Program teams train once per week. With only a 2-term commitment this is a fantastic way to experience cheer for the first time. You can choose to sign up for either the first semester, second semester or both!

Towards the end of each semester the teams will perform the routine they have worked hard on in front of an audience. The semester 1 teams will perform at FEA Blue Debut Showcase, during semester 2 the teams will refine their routine and perform at Aussie Gold Nationals to experience a real live competition.

OUR PROGRAMS

All Star Dance

All Star Dance is the sporting version of traditional dance styles. All star dance consists of teams of 5 or more dancers in jazz, hip hop, lyrical/contemporary and pom.

Our dance program at FEA focuses on being all inclusive for dancers of all ages, experience, and fitness levels. We use costuming that is affordable but looks amazing on the floor and love to create routines with unique themes that challenge dancers to not only learn their technical elements but also their stage presence and performance as well. All key aspects of a good dancer.

Bronze Dance Program

Beginner Program

Bronze is our developmental program, opening the door to All Star Dance. With only a 2-term commitment, bronze Program teams train once per week. After semester 1 the team will perform at FEA Blue Debut Showcase, and at the end of semester 2 the team will perform at a real dance competition in a category designed especially for beginners with encouraging scorecards.

The Bronze Program is an approachable, affordable and manageable entry into competitive dance for kids ages 3 through to 14 years of age. This is a fantastic way to experience All Star Dance as a sport for your child.
